

Emergency Data Center Battery Cabinet 42U Energy Management

Overview

Introducing the Linkbasic 42U 1M Deep Battery Cabinet, the ultimate solution for secure and efficient battery storage in data centers and IT environments. Engineered for maximum performance and reliability, this cabinet offers ample space and advanced features to meet your power. The Vertiv™ EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they provide 10-15 years of reliable performance in a smaller footprint than VRLA batteries. The battery rack enclosure is used for domestic, commercial and utility installations, allows. AZE's 42U 4 Post Open Frame Server Rack lets you store your servers, network and telecommunications equipment in a sturdy, adjustable depth open-frame rack. 5kW of dedicated, scalable cooling capacity in a space-saving design, the VS3350 provides a full 42U of rack space for critical IT equipment while offering IP54. EverExceed can provide customers with lithium battery indoor cabinets, It is widely used in telecom, radio and television, monitoring stations, electricity, energy, transportation, security, power amplifier, projection, lighting control and other industries. The serial number is not recognised by Eaton and is invalid. Please call (800) 356-5737 or click the link above to use our online technical support knowledge.
