

Liberia Off-Grid Solar Container 10MWh

Overview

Scatec's modular power arm, Release, has sealed new lease agreements to provide 64 MW of solar generation paired with 10 MWh of battery storage across Liberia and Sierra Leone—an expansion that targets fast, reliable power in countries where grids are fragmented and diesel. Scatec's modular power arm, Release, has sealed new lease agreements to provide 64 MW of solar generation paired with 10 MWh of battery storage across Liberia and Sierra Leone—an expansion that targets fast, reliable power in countries where grids are fragmented and diesel. Release by Scatec, majority owned by Scatec ASA has signed new lease agreements totalling 64 MW of solar power and 10 MWh of battery storage across Liberia and Sierra Leone. “These agreements mark a significant step in strengthening our renewable energy presence and delivering flexible, modular. Norwegian renewable energy firm Scatec has signed lease agreements for 64MW of solar PV and 10MWh of energy storage capacity in Liberia and Sierra Leone. The project will be delivered under a 15-year lease agreement with state-owned Liberia Electricity Corporation (LEC). Both facilities will connect to the Schieffelin substation on the Ella L. Towon Highway, linking. Recent pricing trends show 20ft containers (1-2MWh) starting at \$350,000 and 40ft containers (3-6MWh) from \$650,000, with volume discounts available for large orders.
