

# Solar panels news

## Overview

A US federal court has vacated IRS Notice 2025-42, restoring the 5% safe harbor rule for large solar and wind projects ahead of the critical. Scatec's 1.1 GW Obelisk solar-plus-storage project in Egypt reaches Phase 1 commercial operation in February 2026, with full completion. The global solar manufacturer introduced the hail-resistant, high-load Vertex N Shield panel, featuring n-type technology and reinforced mechanical durability. Wärtsilä has successfully demonstrated what it says is the world's first large-scale engine running on 100% hydrogen, supplying power to. Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis. From breaking news to in-depth reporting, Bloomberg tracks the full story in real time. Soaring energy costs have grabbed headlines around the world the past two months, but prices across the solar supply chain are marching to their own beat, writes Hanwei Wu of OPIS. Oversupply in Asia continues to distort markets, with either sharp price falls or tepid price gains. lands PHP 2B debt financing for a 49.9-MW Central Luzon solar project—fueling clean energy growth, reducing fossil reliance, and powering an expanding industrial grid.

All PV News & Industry Updates | pv magazine Global

Stay updated on the latest solar and photovoltaic industry news, market trends, and technology insights worldwide.

10 Best Solar Panels in Australia 2026

Choosing solar panels can be confusing. There are hundreds of models available in Australia and many manufacturers claim to offer the “best”

How long do residential solar panels last?

Residential solar panels are often sold with long-term loans or leases, with homeowners entering contracts of 20 years or more. But how long do panels last, and how resilient are they?

Solar Panel Global Database | ENF Photovoltaic Directory

A global solar panel directory with advanced filters that lets you review and compare panels. Pictures, datasheets, PDFs are shown.

Solar Panel Manufacturers

List of solar panel manufacturers. A complete list of companies that make solar panels, including factory production and panel power ranges produced.

Super-efficient solar cells: 10 Breakthrough Technologies 2024

Solar cells that combine traditional silicon with cutting-edge perovskites could push the efficiency of solar panels to new heights.

Solar Panels For Sale | Buy Solar Panels Online

We carry a large selection of solar panels for sale from small trickle charge 10 - 20 watt panels to large commercial 400+ watt panels. Buy solar panels direct online or call us! EcoDirect 888-899-3509

Solar Magazine | Solar Industry News and Insights

Solar Magazine—a solar PV magazine comprised of aspects of the solar energy industry including news, developments and in-depth insights.

Solar cells just did the “impossible” with this 130

Researchers used a “spin-flip” metal complex to capture and multiply energy from sunlight through singlet fission. The result reached about 130%

Solar News | Today's Latest Stories | Reuters

China's major solar panel manufacturers are ramping up higher-margin battery exports to boost revenue as growth in photovoltaic (PV) sales slows,

Solar Power: Trending News, Latest Updates, Analysis

See the latest on Solar Power. From breaking news to in-depth reporting, Bloomberg tracks the full story in real time.

Solar Energy News | Today's latest by Renewables Now

Latest solar power news from Europe, Latin America, Sub-Saharan Africa, APAC, MENA and more. Stay updated on solar PV,

Moment solar panels explode at £600,000 new-build home that goes

The terrifying moment a set of solar panels on a £600,000 new-build home exploded while a family was inside has been caught on camera. Ring doorbell footage from earlier this week

Today's Solar Panel Rates in Pakistan - Updated

Discover the latest solar panel prices in Pakistan for 2025 with updated rates, system costs, and buying guide. Save on solar now!

Opinion | The Tiny Solar Panel That Could Change America

I hope balcony solar's charisma and low cost help us imagine the energy-abundant future we are so close to achieving.

Solar Industry News • Solar Power News

All the top recent events in solar thermal and photovoltaic market. The latest research, innovative technologies, industry trends and forecasts, financial news, large projects, governmental

New report reveals the cost of solar panels has dropped

New report reveals the cost of solar panels has dropped by 30% — here's how to take advantage while government incentives still exist Robert

Are Octopus solar panels really worth it? Here's our expert's verdict ...

Are Octopus solar panels really worth it? This is what homeowners should know Octopus Energy offers solar panels, batteries, smart tariffs and wider home energy services under one brand.

Principality Stadium goes green with 3,000 solar panels on its roof

More than 3,000 panels have been added to the stadium's roof The Welsh Rugby Union (WRU) has spent around £1m putting more than 3,000 solar panels on the roof of the Principality

Exclusive-China weighs curbs on exports of solar

Chinese officials have held initial talks with providers of equipment to make solar panels as they consider limiting exports of the most advanced

Utilities are raising concerns about plug-in solar panels : NPR

Utilities are convincing lawmakers around the U.S. to delay bills that would allow people to buy solar panels, plug them into an outlet and begin generating electricity.

Virginia governor says a new company is establishing solar panel ...

A company with little recorded experience claims it is opening a solar panel assembly site in Shenandoah County, Virginia, as announced today by Gov.
