

# Solar panels on a telecommunications base station in Trinidad and Tobago

## Overview

The solar project is being constructed by consortium partners bp Alternative Energy Trinidad and Tobago (bpATT) and Shell Renewables Caribbean (Shell), and once operational, will provide up to 112MWac from two sites – Brechin Castle and Orange Grove. Trinidad and Tobago's transition to renewable energy was given a boost today with the announcement of the 12 finalist sites chosen to receive installations of small-scale roof-mounted Solar Photovoltaic (PV) solar panels, capable of supplying energy for power generation. The announcement was made. SolarWorld-TT is your one-stop shop for products, services and advice for Renewable, Alternative and Conservation of Energy. We have the widest range of Solar Panels, Inverters, Batteries, Charge Controllers and more in Trinidad and Tobago. Engineer Roper is a Registered Engineer with the Board of. Currently, the Trinidad and Tobago Electricity Commission (T&TEC Act), Chapter 54:70 and Regulated Industries Commission (RIC) Act, Chapter 54:73 make no provision for renewable energy power generation by Independent Power Producers (IPPs).
